Wildland Fire References

- **FWS FIRE MANAGEMENT HANDBOOK.** The FWS Fire Management Handbook is a program reference guide that documents the standards for operational procedures and practices for fire management activities in the U. S. Fish and Wildlife Service.  

- **INTERAGENCY STANDARDS FOR FIRE AND FIRE AVIATION OPERATIONS (Redbook), National Interagency Fire Center.** States, references, or supplements policy for Bureau of Land Management, Forest Service, Fish and Wildlife Service, and National Park Service and fire aviation program management.  

- **621 FW 1: FIRE MANAGEMENT PROGRAM.** Provides policy for U.S. Fish and Wildlife Service (Service) staff, volunteers, and contractors performing duties related to our wildland fire management program (including planning, preparedness, training, response, post-fire rehabilitation, and prescribed fire).  

- **243 FW 2: SPECIAL PURPOSE TRUCKS.** This Service chapter establishes safety requirements for special purpose trucks. Special purpose trucks include fish distribution, fire, and dump trucks.
